Profile

Fullstack developer with proven experience building and shipping production-grade web applications for real clients across property, energy, and humanitarian sectors. Skilled in end-to-end development from database design and REST API architecture to responsive front-end interfaces. Graduated with a GPA of 3.77 (S1 Teknik Informatika, UIN SGD Bandung) and consistently delivers clean, maintainable code using modern stacks including TypeScript, Laravel, React, and PostgreSQL. Thrives in collaborative environments and adapts quickly to new technologies.

Project Academic and Jobs experience

Fullstack Developer — Freelance

Loka Langit Nusantara · flyforhumanity.com

Nov 2025 – Jan 2026

- Built a disaster mapping platform with real-time monitoring using Leaflet.js and PostgreSQL
- Developed scalable REST API with Express.js + TypeScript and a multi-level admin panel with role-based access control
- Managed large-scale geospatial data processing and relational database architecture

Fullstack Developer — Freelance

Loka Langit Nusantara · client: PT Kalimantan Jawa Gas (kalijagas.com)

Mar – Jun 2025

- Engineered a custom CMS from scratch to streamline content management for the company profile website.
- Developed responsive, on-brand UI/UX layouts optimized for seamless cross-device user experience.
- Managed MySQL databases and optimized full-stack development using Laravel 12, React, and Tailwind CSS.

Fullstack Developer — Contract

PT Hayasa Digital Tech · client: bosqueproperti

Dec 2024 – Mar 2025

- Built a comprehensive real estate ecosystem for bosqueproperti.com, featuring lead automation, lifecycle tracking, and mobile backend readiness.
- Integrated Zapier (Meta/TikTok Ads) and WhatsApp API to streamline lead ingestion and accelerate client follow-ups.
- Developed Laravel RESTful APIs for the Android app alongside a secure, responsive Admin Dashboard with advanced data filtering.
- Technologies: Laravel, MySQL, Zapier, WhatsApp API, and REST APIs.

Education

Bachelor of Informatics Engineering

State Islamic University (UIN) Sunan Gunung Djati Bandung, Indonesia **IPK 3.77**

Aug 2022 – Mei 2026

Skills
